

Korai Öröm

band

from Hungary

"The most important underground band of the 90-s. The connecting link between the alternative and the dance music."

INDEX.HU

"... Their ability to fuse psychedelic rock, Eastern-European folk influences and shamanist tradition is stunning. The ingredients of this rich mixture are tribal percussion, pagan flutes, shamanist trance rock, ambient soundscapes, bizarre Hungarian voices harmonising with burning guitar leads; it's all in there. The music of Korai Öröm is overwhelming, visionary and at the same time humane, natural, mindexpanding... real earth psychedelics."
